EXPLANATION OF STATE IMPACT OF REGULATION:

None

EXPLANATION OF MUNICIPAL IMPACT OF REGULATION:

Currently public swimming areas are inspected by local health departments and information regarding these inspections is not reported back to the Department. Therefore, the Department cannot determine the number of public swimming areas that may be impacted by this regulation. However, if there is a municipal public swimming area that does not currently have a toilet area for patrons to use, there may be a cost of \$150.00 per month for a chemical privy.
